Re: Guidance note for patients requesting exemption letters

We are aware that some patients might be understandably anxious about the Government's recent announcements around the use of face masks in various public settings.

GPs are unfortunately **not** in a position to provide individual risk assessments or letters for patients who feel that they should be exempt from wearing a face mask.

Coventry and Warwickshire Local Medical Committees have therefore prepared this guidance note as the statutory body that advises and supports all GPs and practice teams across both counties.

The government guidance on exemptions suggests there is no requirement for evidence for exemption, therefore it is sufficient for an individual to self-declare this.

Similarly, practices are under no obligation to provide letters of support for anyone who does not fall under the list of exemptions but considers themselves to have another reason to be exempted.

Current government advice on the use of face coverings can be found here: <https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers#face-coverings>

We will pass on further guidance when this is produced by the government.

Yours sincerely

Dr Andrew Warner, Chairman, Warwickshire LMC
Dr Terry Eaton, Chairman, Coventry LMC
